JUMANA ALSEHAIMI

UI/UX Designer | Software Engineer

Madinah, Saudi Arabia | +966 53 898 2760 | jumanamohammed0110@gmail.com | Portfolio

PROFESSIONAL SUMMARY

Computer Science graduate and UI/UX Designer with a Google UX Design Professional Certificate. Skilled in user research, user flows, wireframing, prototyping, and high-fidelity UI design using Figma. Combining a technical background in Flutter and web development with a user-centered design approach to create intuitive digital products.

TECHNICAL SKILLS

UI/UX & Product Design: Figma, User Research, User Flows, Wireframing, Prototyping, Design Systems
Development: Flutter, Dart, HTML, CSS, JavaScript, Java, Python
Tools & Platforms: Firebase, Supabase, GitHub
Languages: Arabic (Native), English (Upper Intermediate — STEP 75)

EDUCATION

Bachelor of Science in Computer Science — Taibah University, Madinah, Saudi Arabia **2026**

- Cumulative GPA: 4.6 / 5.0 (Second Class Honors)

EXPERIENCE & KEY PROJECTS

Flomind — AI-Powered Study Assistant App **2026**

Graduation Project, Taibah University | Flutter · Dart · Python · GPT-4o-mini · Supabase

- Designed and developed a full-stack mobile application combining spaced repetition (SM-2 algorithm), AI-generated multiple-choice quizzes, a Pomodoro timer, and a gamified virtual-garden reward system.
- Led the end-to-end UI/UX design process, translating user research and requirements into user flows, wireframes, prototypes, and a polished mobile interface in Figma.
- Integrated GPT-4o-mini with OCR to auto-generate quizzes from uploaded study materials, and built the Supabase backend for data and auth.
- Validated the product with 155 survey participants, achieving an 85% intent-to-use rate.
- Selected among the top Computer Science graduation projects at Taibah University and showcased at the Makeen Exhibition for Outstanding Graduation Projects.

Personal Portfolio Website **2026**

HTML · CSS · JavaScript | ju01xm.github.io/jumana-portfolio

- Designed and developed a fully responsive, bilingual (Arabic/English) portfolio website from scratch, including RTL layout support.

Freelance — Client Portfolio Websites **2026**

Firebase · Web Development

- Built full-stack portfolio websites for two independent clients (Layan Alamrah, Joodi), each with a custom Firebase-powered admin dashboard enabling clients to manage content without technical support.

Absir — Legal Services Platform (UI/UX) **2024**

Lawthon Hackathon | Figma

- Designed end-to-end UI/UX for a mobile app connecting clients with law offices across Saudi Arabia, including user research, user flows, wireframes, and high-fidelity prototypes.

Terhal — Smart Travel Planning App (UI/UX) **2024**

Figma

- Designed UI/UX for a personalized, group-friendly travel planning app with integrated booking, localized for Saudi users with a focus on accessibility.

LEADERSHIP & ACTIVITIES

Deputy Head of Design — Google Developer Student Clubs (GDSC), Taibah University **2024 – 2025**

- Led a design team creating visual identities, assets, and branded materials for all club events and campaigns, driving increased student engagement and brand consistency.

Head of Design Committee — OneClick Club, Taibah University **2023 – 2024**

- Directed a team of student designers, delivering 2–3 complete design projects end-to-end from concept to final production.

CERTIFICATIONS

- **Google UX Design Professional Certificate — Google / Coursera**

Completed 8-course professional certificate covering user research, empathy, ideation, wireframing, prototyping, usability testing, and UI design.

- **Introduction to Generative AI —** Google Cloud / Coursera
- **Fundamentals of Machine Learning** — NVIDIA / Coursera
